Description:	Explore the islands of the South Pacific with creatures like the spy koala, who captures breeding behavior in Australia, or the spy crab, who joins an army of red crabs on their march to the sea to deposit their eggs.	Learn whether the brutal winter weather will favor predator or prey.	New immigrants arrive from China, India, Japan, the Philippines and beyond to become America's first "undocumented immigrants," even as they build railroads, dazzle on the silver screen, and fight for equality in the U.S. Supreme Court.	An American-born generation's loyalties are tested during World War II, when families are imprisoned in detention camps and brothers find themselves on opposite sides of the battle lines.	Class disparity threatens to split the black community in the late 1960s as economic and political forces isolate the black urban poor. Many issues remain unresolved, despite the election of America's first black president in 2008.
